

## COMPUTER SCIENTISTS - MOBILE AND UBIQUITOUS COMPUTING

Sharp Laboratories of Europe, Oxford, UK

[www.sle.sharp.co.uk](http://www.sle.sharp.co.uk)

Sharp is internationally recognized for its consumer products such as mobile phones, Aquos LCD TVs, displays, and home appliances. In the coming years, these hardware products will be seamlessly integrated with ubiquitous online services and applications, providing new value to people around the world. Join us as we take up the challenge to develop the next-generation of software technology that will enable this future vision on Sharp terminals.

Sharp Laboratories of Europe is seeking exceptional Computer Scientists to work on mobile and ubiquitous software technologies. This is an excellent opportunity to join a vibrant team that is working in a global R&D network to conduct innovative research, build prototypes, transfer technology to product groups, and make the future happen.

You will be expected to bring a high level of expertise and creativity to the team and share our passion for turning research into successful products. Successful candidates will have strong software programming skills and experience or interest in any of these areas:

- Algorithms
- Artificial intelligence
- Mobile and ubiquitous computing
- Home automation, smart spaces
- Web-based and service-oriented platforms

Ideally you will have a PhD, or equivalent postgraduate experience, in computer science, engineering or mathematics. In addition, you will have a proven ability to generate new ideas, as evidenced by publications or patents, a strong drive to solve challenging technical problems, and be motivated by ideas that could have significant business impact.

In return we offer an excellent relocation and employment package, including competitive salary, pension, life insurance and local amenity benefits, with excellent training and career development prospects.

You can read more about our work at [www.sle.sharp.co.uk](http://www.sle.sharp.co.uk)

### HOW TO APPLY:

Applicants should send a covering letter and CV to the HR department at [jobs@sharp.co.uk](mailto:jobs@sharp.co.uk) quoting ref: SLE-ITS/SB03 in the subject line.
